

## Pinal County Burn Permit Fees

### Residential

To dispose of non-toxic vegetative or horticultural waste. Yard waste is only to be burned on the premises on which it was produced.

a. Small scale (\$5.00/30 days) - (\$2.00/3 days)

Less than 10 cubic yards of material can be burned during a one month permit. Permits can be renewed month-to-month.

b. Large scale (\$10/30 days)

Less than 20 cubic yards of material can be burned during a one month permit. Only two (2) permits may be obtained per calendar year.

### Commercial

To dispose of non-toxic vegetative or horticultural waste that is generated on the premises on which it was produced.

a. Small scale (\$5.00/3 days) - (\$20.00/30 days)

Less than 10 cubic yards of material can be burned during a one month permit. Permits can be renewed month-to-month.

b. Large scale (\$35.00/30 days)

Less than 20 cubic yards of material can be burned during a one month permit. Only two (2) permits may be obtained per calendar year.
