

Your Input is Important

Thank you for participating in a Pinal Preferred Future Workshop. As you listen to the presentation and visit with us during the Open House, we would like you to provide us feedback on the land use, multimodal circulation and economic development plans, as well as identify the “cool tools” you like most.

Are there changes you would suggest regarding the **land use** plan?

Are there changes you would suggest regarding the **multimodal circulation** plan?

Are there changes you would suggest regarding the **economic development** plan?

Please select up to four “cool tools” you like most (and tell us why):

- Pinal Consensus Council—creates a regional organization to ensure long-term sustainability
- Pinal as Regional Service Provider—serves as an agency other entities can contract with to provide services
- “Greenprint” Developable Lands—identifies which lands should be protected and which can be developed
- Purchase Open Space—implements a County-wide impact fee to purchase open space
- Outdoor Education—ensures all youth in County experience Pinal’s great outdoors annually
- Megapolitan Mobility Project—creates a regional entity to implement long-term transportation solutions
- Community Garden Project—encourages community gardens and co-ops
- Sonoran-Friendly Landscaping—introduces a County-wide native plant landscaping code
- Pinal Scholars Fund—provides scholarships for those who stay/return to Pinal
- County-Wide Broadband/WiFi—provides high speed, broadband internet access
- “Green” Employment District—dedicates activity centers that promote sustainable industry and technology
- Cash for Grass Rebate Program—provides rebates when converting grass lawns to Xeriscape

Thank you for attending the Alternatives Workshop! Please provide any additional comments here.
