

Fun Van!

Funded by

Ready for School. Set for Life.

YOU are your child's first and most important teacher. By knowing and understanding the different developmental tasks and milestones children navigate through, you will be better able to provide safe and enriching environments.

The first five years are the foundation for the rest of your child's life. Make them count!

The Fun Van program is FREE for caregivers and accompanying children ages infant to five years of age.

Our goal is to support parents and caregivers in their role as their child's first and most important teachers. The Fun Van Team assists with developing literacy in children 0-5 through the

assistance of the Parents as Teachers curriculum. ([See the upcoming session topics.](#))

The program includes a parent session, free-play time, story time, crafts, songs, snacks, and a free toy and book for the children to take home.

A group gathered to read a story in an Apache Junction session of the Fun Van!
