PROCUREMENT CODE
Arizona State law requires Counties to develop internal controls over purchasing that provide adequate authorization of and accountability for County expenditures and ensure that procurement policies are consistent with legal requirements and sound business practices.

The purpose of this code is to establish these controls for Pinal County and to inform County staff and the public of these policies. The policies presented herein have been reviewed and approved by the Board of Supervisors, and should be used to determine the appropriate procedures to be followed for a particular procurement. In cases where this policy does not address a particular situation, the Arizona State Procurement Code found in Title 41 of the Arizona Revised Statutes will be followed. Questions or clarifications regarding policies contained herein may be referred to the County procurement staff.

This manual is published by the Pinal County Finance and Procurement Department and is based upon a compilation of state statutes (A.R.S 41 Chapter 23) and administrative rules and regulations (A.A.C. Title 2. Chapter 7) that constitute the Arizona Procurement Code and for which Pinal County is lawfully obligated to comply.

The specific purposes of this document are to:

- Maximize, to the fullest extent, the value of public monies entrusted to the County
- Simplify, clarify and modernize the law governing procurement by the County
- Permit the continued development of procurement policy and procedure
- Provide public awareness of the procurement procedures followed by the County
- Ensure fair and equitable economic opportunities are afforded to all persons and businesses that desire to compete for County business
- Foster broad-based competition within the free enterprise system
- Provide procurement services in the most ethical manner
- Provide for a uniform system of control to enhance accountability and increase public confidence in County purchasing practices.

The surety bond shall be executed and furnished as required by Title 34, Chapter 2, of the Arizona Revised Code and the conditions and provisions of the surety bond regarding the surety's obligations shall follow the form required by A.R.S. §34-201, subsection A, paragraph 3. 2. If the Invitation for Bids/Competitive Sealed Proposals requires security, noncompliance requires that the bid/proposal be rejected unless, pursuant to rules it is determined that the bid fails to comply in a non-substantial manner with the security requirements.

3. After the bids/proposals are opened, they are irrevocable for the period specified in the Invitation for Bids/Proposals, except as provided in PC1-315.F. If a respondent is permitted to withdraw its bid/proposal before award, no action may be had against the respondent or the bid security.

4. An annual or one-time surety bond executed by a surety company or companies holding a certificate of authority to transact surety business in this State issued by the Director of the Department of Insurance pursuant to Title 20, Chapter 2, Article 1, and in a form prescribed by A.R.S. § 41-2573 and R2-7-505; or a certified or cashier's check shall be acceptable Bid security.

B. Non-Substantial Failure to Comply with Bid Security.

1. Only one bid/proposal is received and there is not sufficient time to rebid; or

2. The amount of the bid/proposal security submitted, although less than the amount required by the Invitation for Bids, is equal to, or greater than the difference between the apparent low bid and the next higher acceptable bid; or

C. Performance and Payment Bonds.

1. Performance and payment bonds are required for all construction contracts.

The using department may withhold an amount from the progress payment sufficient to pay the expenses the using
department reasonably expects to incur in correcting the deficiency set forth in the written finding.

B. Retention.

Unless arrangements have been made for substitute security and except for job-order-contracting, the using department shall retain 10% of each progress payment made to contractors/consultants until the work is 50% complete. After the contract is 50% completed no more than 5% of the amount of any subsequent progress payments made under the contract may be retained providing the contractor is making satisfactory progress on the project. (A.R.S. § 34-221(3)) Retention is to be released upon final acceptance of the work and receipt of a certificate of performance. Retention must be returned within sixty (60) days after completion or filing the notice of completion. (A.R.S. § 34-221A(5)).
