Solicitation No.: RFP 152420

Description: PCSO Towing Services - Supplemental

Dear Ms. Pruitt,

Apache Sands has been in business at the same location since 1956 providing a variety of services from automotive repair, gas, propane, car wash, tires and towing. All of these services are provided from our six-acre facility at 7602 E. Main St. Mesa, Az. Our phone number is 480-984-3101, fax number 480-373-8766 and my email is Brian@ApacheSands.com. We have extensive experience in providing towing services an average of 60,000 times per year.

Apache Sands Service Center offers professional towing services for vehicles of all sizes. We are one of the few towing companies in the Valley that is able to provide off-road recovery of vehicles with a four-wheel drive tow truck in our fleet equipped with the latest equipment for off-road recovery. To ensure that our towing services are the best around, we continually train our drivers on the latest towing and safety techniques. All drivers are courteous and professional and are there to assist your officers when they need us.

Apache Sands Towing has been awarded the prestigious American Towman ACE Award for achievement in towing services 18 years in a row. The award is given to companies that continuously provide a high level of accuracy with estimated time of arrival, consistency in response time, written appreciation from customers, and percentage of calls serviced. This award is given only to the top 1% of the towing industry reflecting reliability and overall professionalism.

We intend to provide towing and storage services for the rates set forth within the solicitation. Apache Sands insurance coverage already exceeds the amount of insurance required for this solicitation. Apache Sands has the necessary equipment and storage facility already available for this RFP. The storage facility we will be using for this RFP is located at 1727 S. Mariposa St. AJ, AZ. This storage facility is within zone D5 set within this RFP as illustrated in Exhibit A.

We have enclosed one (1) original and five (3) copies of our proposal and one (1) digital copy. We also included the completed and signed Rate-Schedule form and the Authorized Signature Form with this RFP. Apache Sands considers all our driver information and financial information to be confidential.

Apache Sands provides services statewide so we already have equipment working within Pinal County daily. With our own "state of the art" 24-hour dispatch center our dispatchers will insure we respond to your requests within the time frame set forth for this RFP. All of our trucks have GPS tracking which gives our dispatchers the ability to dispatch the closest truck providing the quickest response time. During high traffic times Apache Sands will position trucks in areas where accidents often occur to help reduce response times even more.

Apache Sands is focused on the needs of each and every customer. Our highly skilled staff looks forward to working with you in servicing Pinal County. Apache Sands proactively supports the community through pledges of financial assistance, time, products and services. Additional information is included under this tab following this letter.

I will be the primary contact for this RFP. If you have any questions, contact me directly on my cell at (480) 797-7553.

Sincerely,

Brian Fredrickson
General Manager

Apache Sands Towing

Apache Sands 1966

Apache Sands Service Center is a family business that started in 1956. Harold Fredrickson, Sr. moved his family to Mesa from Wisconsin. He started out building a Standard gas station and repair shop.

In 1964, Harold "Hal" Fredrickson, Jr. bought the business with his wife Pat when Harold Fredrickson, Sr. decided to retire. The business continued to expand over the decades and Hal and Pat's children and grandchildren became integral parts of the business. Strong family values and a dedication to customer service are what make Apache Sands Service Center what it is today. Many of our employees have been with us for many years and love to provide high quality services to every customer.

Apache Sands Towing

Apache Sands Today

Apache Sands Service Center has seen a large expansion from its original gas station and repair shop into the business that it is today. We are one of the oldest employers in the East Valley with an automotive repair shop that takes care of the needs of cars, light trucks, and recreational vehicles. Some of the automotive services that we provide include tire sales and repair, air conditioning repair and maintenance, cooling system repair and maintenance, scheduled maintenance, and wheel alignments to name a few.

Since Apache Sands has a full service repair shop we maintain our entire fleet of company vehicles. Any repairs needed to the wrecker equipment are performed by Todd Equipment, the largest tow truck dealer in Arizona.

2 Method of Approach

2.1 Responder shall list and describe the dispatching equipment.

Apache Sands utilizes state of the art software and iPhones to handle communication, information and dispatching. Calls are entered into software and then sent to drivers.

2.2 Responder shall describe their vehicle record keeping process and procedures.

All records are scanned and stored in our software. Paper records are also kept as backup. Apache Sands has a web portal available so PCSO personnel can research information in our system.

2.3 Responder shall describe their proposed method for maintaining service coverage and service response time requirements.

Apache Sands has years of experience working with police agencies. Resources will be placed at locations as necessary to meet response times based on call volume and time of day. Also a note. Apache Sands has night drivers working every night so drivers are not at home sleeping and being called out for calls.

2.4 Responder shall describe their familiarity with the internet and Google Documents (Google Docs).

Internet is a primary use for communication with drivers and customers through email, texting, etc. Google docs along with Google drive are used daily to provide information to drivers.

WORK PLAN / METHODOLOGY

Apache Sands meets or exceeds the response time requirements associated with all of our customers. Apache Sands has been providing tow services for the last thirty-seven years. Police related calls are always given top priority to ensure we arrive as quickly as possible. Our dispatch center is open 24 hours a day 365 days a year to ensure our drivers are delivering timely service. Safety is always a priority, so we have monthly safety meetings with our drivers to ensure they are providing exceptional service without endangering the public or officers.

I. Response Time

A. Dispatcher receives call and immediately enters call in Tow Software.
B. Tow Software will show what truck is closest to that particular area using GPS.
C. Driver is immediately dispatched to that call, ETA will be met due to the number of trucks we have in our fleet.
D. When drivers are not on calls they are positioned at key locations so that ETA's will be met.

II. Equipment

A. Dispatcher will always send a flatbed to the scene unless special equipment is requested.
B. Apache Sands has the equipment for any call request. Light, Medium, Heavy, Car Carrier, Landoll, 5th Wheel, Gooseneck and 4X4 trucks are available.

III. Storage

A. All vehicles will be taken to Apache Sands storage yard at 1727 S Mariposa AJ.
