Dear Sheriff Babeu,

On behalf of the youth ministry of First Assembly, Casa Grande let me express our appreciation for the \$5000 your department gave toward the Youth Fine Arts trip this past August. I apologize to you that we have not expressed our appreciation before now. I know that your work in our county and local communities makes a difference in the lives of a great many students. At the Fine Arts this summer 2 of our students received Superior ratings for their musical performances. Along with the competition they were part of a national leadership conference as well.

As you know Jacob Colon is no longer with us. This situation has been a difficult time for our youth and for many of us personally to process. I am impressed by those who attended the Fine Arts and Leadership conference that have stepped up and are active in the Youth Leadership Team.

We have a list of public officials that we keep in our prayers for their safety and for wisdom as they lead their departments. The work of the Sheriffs' Department does not go unnoticed or unappreciated. I trust that you will have a blessed Thanksgiving and Christmas season.

Thanks again for your investment in our youth here at First Assembly. If I can ever be of service please do not hesitate to call.

Sincerely yours,

Jerry Rotan

Pastor
