

Dear applicant,

As part of your application package and to ensure timely service, Pinal County Air Quality Control District would appreciate if you could indicate below when you will require the issuance of your permit. Below are our typical average time frames for issuing of industrial permits. These time frames include a mandatory 30-day public notice, an additional 45-day EPA review (for Title V permits), permit processing time, and administrative time (invoicing, issuance of permit, etc...)

- Class III: Small gas stations, auto body shops, dry cleaners, small fuel burning and/or generators – **60 to 90 days**
- Class I: Title V sources – **120 to 300 days**
- Class I: NSR/PSD major sources – **180 to 300 days**
- Class II: Other facilities that do not fall under the categories above – **60 to 200 days**

CONTACT PERMITTING STAFF FOR MORE SPECIFIC TIME FRAMES FOR YOUR FACILITY.

THESE TIME FRAMES WERE ESTIMATED ASSUMING RECEIPT OF A COMPLETE APPLICATION. INCOMPLETE APPLICATIONS MAY REQUIRE ADDITIONAL PROCESSING TIMES.

IF THE PUBLIC REQUESTS A PUBLIC HEARING, TIME FRAMES MAY INCREASE BY 30-90 DAYS.
