

Juvenile Detention Alternatives Initiative Youth Justice Center (YJC) Screening Data* Reporting Period: FY2011 - FY2017

* US Marshall holds excluded from data set.

Since becoming a JDAI site, Pinal County has seen a 33% reduction in the number of youth screened at YJC and a 67% reduction in the number of youth detained. Before JDAI implementation, 100% of all youth screened at YJC were detained. In FY2017, 49% of all screened youth were detained and 51% were released making this the first year we released more youth than we detained.
